

User Attendance Report

This report is available by clicking on **Servers > Reports**, then on **User Attendance** in the left menu.

The screenshot displays the TS PLUS Server Monitoring web application. The top navigation bar includes tabs for Servers, Websites, Alerts, and Settings. The 'Reports' tab is selected and highlighted with a red box. Below the navigation bar, the 'Server Reports' section is visible. On the left, a sidebar menu lists various report categories, with 'User Presence' and 'User attendance' highlighted by red boxes. The main content area shows the 'User Attendance' report for the date 16/03/2022. The report includes a table with columns for Date, Server Monitoring (WIN-L8AGL4US301), Total Server Monitoring (WIN-L8AGL4US301), and W11P-STD. The data shows 136 sessions for the server and 99 sessions for the total monitoring.

Date	Server Monitoring (WIN-L8AGL4US301)	Total Server Monitoring (WIN-L8AGL4US301)	W11P-STD
16/03/2022	Caleb	136	99

The **User Attendance Report** displays the user attendance for the specified server(s) and period of time.

The data can be filtered by server name and date range.
