# **Rehosting Your TSplus License**

## **Online Activation**

Online Activation is authorized once a month.

Prerequisites: It is necessary to have an active support subscription to rehost your license.

It is necessary to install a new version of non-cloned Remote Access to generate a new Computer ID.

If you have duplicated your server and cloned the Remote Access, please go to the following page: Clone your server

On the new server Go to the "License" tab Click on "Rehost an existing license"

## **Offline Activation**

Offline Activation can also be done for rehosting licenses.

When the server does not have Internet access, the 'rehost an existing License' button will present the offline rehost page:
